Council noted the excess amount of paid sick leave granted to Mrs. Sarlin and in view of the current employee/employer relationship which has developed directed that the Federation's legal adviser be instructed to issue notice of termination of her employment with the Federation. The Registrar has been requested to amend Co-operative Societies Regulations 1982 Regulation 74 by listing the

REPORTS

10.i

Community Employment Co-operative Development Programme

The Executive Officer advised that a proposal paper for the establishment of a Co-operative Development Agency was prepared by the Business Adviser, agreed by the Executive Officer and submitted to the Ministry.

Copies of the paper were tabled.

Mr. Greer invited comment on the proposal paper from Council members.

The evaluation study of the Co-operative Development Programme undertaken by Cruikshank Management Resources Pty. Ltd. has been completed and its report has been received by the Steering Committee appointed by the Minister Employment and Training. The report has not yet been formally submitted to the Minister and has not been released.

Informal advice from Ministry officials indicates the report is critical of the services provided to the programme by the Departmental Administration and the two Advisory Units.

Mr. Greer questioned the criticism of the services of the Business Advisory Unit in the light of the very limited discussions the study team held with him.

Interim arrangements for a continued funding of the Federation's role in the programme had been made for a two month period to 31.8.83 pending the outcome of deliberations and action on recommendations from the report.

However, the Federation Chairman was advised verbally by the Deputy Director, Ministry Employment and Training, that further funding will be withheld from the Federation until the internal staff problem related to the Administrative Assistant has been resolved.
